

Daily Outlook

GLOBAL STOCK INDEX

<p><u>DJIA</u></p>	<p>U.S. stocks slid on Tuesday as escalating trade tensions between the United States and China triggered global growth fears and drove investors away from riskier assets. The Dow Jones Industrial Average posted its second-biggest daily percentage drop of the year, while the S&P 500 and Nasdaq registered their third-biggest percentage drops, even as the major indexes pared losses to end off their session lows.</p> <p>U.S. Trade Representative Robert Lighthizer and Treasury Secretary Steven Mnuchin said late on Monday that China had backtracked from commitments made during trade negotiations. Those comments followed President Donald Trump's unexpected statement on Sunday that he would raise tariffs on \$200 billion worth of Chinese goods to 25 percent from 10 percent.</p> <p>Beijing said on Tuesday that Chinese Vice Premier Liu He will visit the United States on Thursday and Friday for trade talks. Additional tariffs are set to take effect on Friday if a trade agreement is not reached by then.</p> <p>Monday's comments from Lighthizer and Mnuchin raised concerns among some investors that trade talks between China and the United States could take much longer to resolve than previously thought. Investors expressed concern that additional tariffs, if imposed, could interrupt supply chains and hamper economic growth.</p> <p>Trade-sensitive industrial and technology stocks marked the biggest percentage declines among the S&P 500's major sectors. All 11 sectors were in the red, with only utilities and energy falling less than 1%.</p> <p>Shares of Boeing Co, the largest U.S. exporter to China, slipped 3.9%, and shares of Caterpillar Inc, another industrial stalwart sensitive to China, declined 2.3%. Among technology stocks, Microsoft Inc shares slid 2.1%, while Apple Inc shares dropped 2.7%. Apple and Microsoft were the top two drags on the S&P 500.</p> <p>The CBOE Volatility Index, a gauge of investor anxiety, spiked to its highest level in more than three months.</p> <p>The Dow Jones Industrial Average fell 473.39 points, or 1.79%, to 25,965.09, the S&P 500 lost 48.42 points, or 1.65%, to 2,884.05 and the Nasdaq Composite dropped 159.53 points, or 1.96%, to 7,963.76. In a bright spot, American International Group Inc shares jumped 6.8% after the insurer reported a quarterly profit that blew past expectations.</p> <p>With earnings season now in its homestretch, first-quarter profits are now expected to rise 1.2%, a sharp improvement from the 2.3% decline expected at the start of the earnings season.</p>
<p><u>Nikkei</u></p>	<p>Japan's Nikkei slid on Tuesday as investors returned from a 10-day holiday to worries that U.S.-China trade negotiations may be at risk of breaking down.</p> <p>Japanese markets were closed April 27 to May 6 for the Golden Week holidays.</p> <p>Late on Sunday, U.S. President Donald Trump stunned financial markets by announcing he would hike tariffs on Chinese goods on Friday, triggering a global sell-off in stocks and other riskier assets which had been largely pricing in a trade deal.</p> <p>The Nikkei share average dropped 1.5 percent to 21,923.72, its lowest close since April 12.</p> <p>After the market close, China's commerce ministry said Vice Premier Liu He will visit the United States on May 9 and May 10 for bilateral trade talks at the invitation of senior U.S. officials.</p> <p>Companies with high exposure to China such as construction equipment makers and factory automation machinery firms underperformed. Komatsu Ltd tumbled 10 percent, Yaskawa Electric dropped 6.4 percent and Fanuc Corp shed 3.2 percent.</p> <p>Apple suppliers also tanked as a double-whammy of concerns about earnings and fears about a fall in Chinese demand weighed.</p>
<p><u>Kospi</u></p>	<p>South Korea's KOSPI stock index ended lower on Tuesday, after recovering some of its early losses on hopes that a Chinese delegation will visit the United States, soothing escalated U.S.-China trade worries to an extent after Washington prepared to impose tariffs on Chinese goods.</p> <p>The Korean won strengthened, while the benchmark bond yield fell.</p> <p>The Seoul stock market's benchmark KOSPI fell 19.33 points, or 0.88 percent, to 2,176.99 at close, after falling as much as 1.63 percent in during the day.</p> <p>China's commerce ministry said on Tuesday Vice Premier Liu He will visit the United States on May 9 and May 10 for bilateral trade talks at the invitation of senior U.S. officials</p> <p>Market sentiment slightly recovered on a report that Vice Premier Liu He is joining the trade talks but investors still remain cautious, says Kim Ji-hyung, an analyst at Hanyang Securities</p> <p>Foreigners were net buyers of 202.5 billion won (\$173.49 million) worth of shares on the main board.</p> <p>The won was quoted at 1,166.5 per dollar on the onshore settlement platform, 0.30 percent higher</p>

	<p>than its previous close at 1,170.0.</p>
<p><u>Hang Seng & Shanghai</u></p>	<p>➤ Hong Kong shares ended higher on Tuesday, after heavy losses in the previous session, as China confirmed sending Vice Premier Liu He to continue trade talks with the United States this week. At the close of trade, the Hang Seng index was up 0.5 percent at 29,363.02. The Hang Seng China Enterprises index rose 0.2 percent.</p> <p>The sub-index of the Hang Seng tracking energy shares rose 1.3 percent, while the IT sector rose 1.1 percent, the financial sector ended 0.3 percent higher and the property sector rose 0.6 percent. Shares climbed in the afternoon session as the Chinese commerce ministry confirmed that Vice Premier Liu He will go ahead with his visit to the United States on May 9 and May 10 for bilateral trade talks. On Monday, a Chinese Foreign Ministry spokesman had said that China's trade negotiation team is "preparing to go to the United States for the discussions" but did not specify if Liu would lead the delegation.</p> <p>The local market suffered a sell-off of Monday, which came on the heels of U.S. President Donald Trump threatening to raise tariffs on \$200 billion worth of Chinese goods to 25 percent from 10 percent by Friday, and to target the remaining Chinese imports with tariffs "soon".</p> <p>➤ Chinese shares edged higher on Tuesday following the biggest one-day plunge for China's major stock indexes in more than three years, as investors looked to Beijing for signs of more support for the economy.</p> <p>At the midday break, the Shanghai Composite index was up 0.32 percent at 2,915.87, after plunging 5.6 percent on Monday.</p> <p>China's blue-chip CSI300 index rose 0.77 percent after Monday's 5.8 percent drop. Its financial sector sub-index was lower by 0.23 percent, the consumer staples sector was up 2.13 percent, the real estate index was up 2.15 percent and the healthcare sub-index added 1.7 percent.</p> <p>Monday's stock market plunge had been sparked by tweets from U.S. President Donald Trump that he would raise tariffs on \$200 billion worth of Chinese goods to 25 percent from 10 percent by the end of the week, and would "soon" target the remaining Chinese imports with tariffs. Senior U.S. officials said that China has backtracked on commitments it made during trade talks.</p> <p>On Monday, a Chinese Foreign Ministry spokesman said that China's trade negotiation team is "preparing to go to the United States for the discussions."</p> <p>The analysts also highlighted a move by China's central bank to cut reserve requirement ratios for some small and medium-sized banks to help smaller companies struggling amid tougher economic conditions. A sub-index tracking agriculture shares rose 3.07 percent. Some agriculture firms had rallied on Monday amid expectations that domestic agriculture firms could benefit if Beijing retaliated against higher U.S. tariffs.</p>
